

THE FRANKLIN FIVE

REMEMBER MOM

You can never repay your mom for all she's done for you over the years, but you can at least tell her that. This year, make sure she knows you appreciate her and notice her efforts.

SUMMER ANTICIPATION

Vacations don't plan themselves. Meet with your family and review vacation dates that align with everyone's work and extracurricular schedules.

LEARN A LITTLE MORE

Whether you're looking to advance your career or enrich your personal life, enrolling in a continuing education class can make all the difference. Research continuing education opportunities in your community and set a task to sign up before registration closes.

GARDENING RULE OF THUMB

Mother's Day weekend is the usual time to plant your vegetable garden if you live in a temperate zone. Usually by then, you are past the risk of frost and you still have plenty of growing season left to have a good harvest. Get your seeds and plants ready and start digging in the dirt. But don't get so busy that you forget Mom.

DRINK WATER EVERYDAY

Are you drinking enough water? If not, it's time to start. Water is important to our wellbeing and health. Purchase a new water bottle and keep it full and with you at all times, so it's easier to drink in those precious ounces.
