

THE FRANKLIN FIVE

- SAVE THE DATE**
Start now on your Valentine's Day plans by ordering your gift or booking your reservations. You don't want to be scrambling on the afternoon of the 14th.
- COMPLETE A SMALL INDOOR PROJECT**
Before warmer weather pulls you outside, get moving on that little project that you've been putting off. Find or create some new artwork for your wall, rearrange your family room, or build a bookshelf.
- PRACTICE HABIT ONE**
Be proactive. If life comes charging at you as soon as you wake up, you have little choice but to react. Instead, plan how you will start each day. By choosing to act on the things that matter most first, you'll be better able to manage the chaos of the day.
- PLAN YOUR FLOWER OR VEGETABLE GARDEN**
If the weather isn't good enough for you to get out and soak up the sun, this is a great time to take a page of your planner and draw out your garden. As you decide which plants you're growing this year, you can research planting dates and mark them on your future planner pages.
- CLEAN AND CONDITION YOUR LEATHER**
Extend the life of your leather tote and binder. Clean out any accumulated clutter, then condition the leather with Apple Leather Care Conditioner.
